Skills

- React
- Java
- Python
- HTML & CSS
- Java Script
- Node.js
- TypeScript
- Spring Boot
- MERN stack

Language

- Arabic
- English
- German

Education

(2019 -2021)

ROWAD COLLEGE
IGCSE

(2021-present)

GERMAN UNIVERSITY IN CAIRO (GUC)
Bachelor of Computer Engineering
Very Good

Professional Experience

(July 2025 - OCT 2025)

AI ENGINEERING INTERN

Incorta

- Designed and implemented a Retrieval-Augmented Generation (RAG) pipeline to enable intelligent responses from internal knowledge sources.
- Integrated n8n workflows with Slack and Ollama LLMs to automate AI-powered message handling and knowledge retrieval.

(July 2024 - SEP 2024)

BACKEND INTERN

Banque Misr

- Developed a money transfer backend application using Spring Boot and RESTful APIs.
- Implemented core backend functionalities including transaction handling, validation, and service-layer logic.
- Worked with databases to manage user and transaction data securely and efficiently.
